Taken from Healing with the Medicine of the Prophet, available in the Black Seed Shop!

Muslim narrated in his Sahih that the Prophet said,

"Every illness has a cure, and when the proper cure is applied to the disease, it ends, Allah willing."

Also, it is narrated in the Sahihan that the Messenger of Allah said:

"Allah has not sent down a disease except that He has also sent down its cure."

Further, Imam Ahmad narrated that Usama bin Shuraik said:

"I was with the Prophet when the Bedouins came to him and said 'O Messenger of Allah, should we seek medicine?' He said, 'Yes, O slaves of Allah, seek medicine, for Allah has not created a disease except that he has also created its cure, except for one illness.' They said, 'And what is that?' He said, 'Old age.'"

In addition, it is related in the Musnad (by Imam Ahmad) that the Prophet said:

"Allah has not sent down a disease except that He also sent down its cure; whoever knows it (the cure), knows it, and whoever is unaware of it (the cure), he is unaware of it (the medicine) while those who are ignorant of it are unaware of it." [An-Nasai'i, IbnMajah, AL Hakim and Ibn Hibban].

Also, it is narrated in the Musnad (by Imam Ahma) and the Sunan (of At-Tirmidhi and Ibn Majah) that Abu Khamzamah said:

"I said, 'O Messenger of Allah, about the Ruqya (divine remedies - Islamic prayer formula) that we use, the medicine we take and the prevention we seek, does all this change Allah's appointed destiny?' He said: 'They are a part of Allah's

appointed destiny."
